

# NOT YOUR AVERAGE FUNDRAISER

Average fundraising programs have many requirements: minimum orders, cut-off dates, lots of paperwork, and after it's all said and done, you still have to distribute the products you sell. Our program flips traditional fundraising on it's side and offers the following benefits:

## FUNDRAISING PLATFORM

Includes customized page to promote cause, the ability to sell products and accept donations, marketing tools for both online and offline sales, and detailed reports.

## DIRECT SHIPMENTS

Avoid the hassle of passing out products. We direct ship all orders in a decorative red box to the doorstep of your supporters or their gift recipients.

## 20% PAYOUTS

Our whopping 20% payout for each individual sale applies to both face-to-face and online orders.

## 100% DONATIONS

Most fundraising companies profit off of donations made to your organization; we don't. Keep 100% of all donations.
